STATEMENT OF COMMITMENT TO CHILD SAFETY

Barrawang Primary School is a child safe organisation which welcomes all children, young people and their families.

We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

Barrawang Primary School's approach to creating and maintaining a child safe school environment is guided by our School Values and Philosophy. Our vision is to ensure that our students are at the centre of everything that we do. We will create a learning community that values diversity, inclusion and high expectations for all students. We know that children can struggle to achieve their personal best if they are not safe from abuse.

At Barrawang Primary School our values guide the decisions and behaviours of all members of our school community, including in relation to child safety:

Resilience- we can bounce back from challenges

Excellence- we aim high and persevere, we ensure that every individual has an equal opportunity to reach their full potential

Acceptance- we respect and value all members of our community, embracing with dignity their talents, beliefs, backgrounds, and ways of living

Curiosity- we question and explore the new, unusual, and interesting to better understand the world around us

Honesty- we act with integrity and courage and take responsibility for our actions.

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex

and queer (LGBTIQ+) and other students experiencing risk or vulnerability. Inappropriate or harmful behaviour targeting students based on these or other characteristics, such as racism or homophobia, are not tolerated at our school, and any instances identified will be addressed with appropriate consequences.

Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff, and volunteers to inform our ongoing strategies.

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

The Child Safety Code of Conduct also includes processes to report inappropriate behaviour.

MANAGING RISKS TO CHILD SAFETY AND WELLBEING

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will review and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

ESTABLISHING A CULTURALLY SAFE ENVIRONMENT

At Barrawang Primary School, we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

Our Action Plan - Aboriginal Learning, Wellbeing and Safety outlines the measures we have in place to maintain an inclusive and culturally safe school for Aboriginal children and students.

STUDENT EMPOWERMENT

To support child safety and wellbeing at Barrawang Primary School, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging implementing our whole school approach to Respectful Relationships and our School Wide Positive Behaviour Supports.

We inform students of their rights through our whole school approach to Respectful Relationships and give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns

with a trusted adult at any time. Students and families can also access information on how to report concerns at our school administration.

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

 - proof of the person's identity and any professional or other qualifications
 - the person's history of working with children

COMPLAINTS AND REPORTING PROCESSES

Barrawang Primary School fosters a culture that encourages staff, volunteers, students, parents, and the school community to raise concerns and complaints. This makes it more difficult for breaches of the code of conduct, misconduct or abuse to occur and remain hidden.

We have clear pathways for raising complaints and concerns and responding and this is documented in our school's Complaint Policy.

If there is an incident, disclosure, allegation or suspicion of child abuse, all staff and volunteers including school council employees must follow our Child Safety Responding and Reporting Obligations Policy and Procedures. Our policy and procedures address complaints and concerns of child abuse made by or in relation to a child or student, school staff, volunteers, contractors, service providers, visitors or any other person while connected to the school.

As soon as any immediate health and safety concerns are addressed, and relevant school staff have been informed, we will ensure our school follows:

- the [Four Critical Actions](#) for complaints and concerns relating to adult behaviour towards a child
- the [Four Critical Actions: Student Sexual Offending](#) for complaints and concerns relating to student sexual offending

Our Student Wellbeing and Engagement Policy and Bullying Prevention Policy cover complaints and concerns relating to student physical violence or other harmful behaviours.
